

# Extension of Remarks

Legislative Studies Section

American Political Science Association

January 2006

## *Extension of Remarks Cumulative Index*

### *Volumes 14 through 28*

*Note:* In an effort to construct a comprehensive collection of pre-Internet issues of *Extension of Remarks* a call went out to the Legislative Studies community for old print versions of the publication. I received issues reaching back as far as 1991 (Volume 14). These have been scanned and placed on the Legislative Studies Section Website. If anyone discovers that they have issues of *Extension of Remarks* that are not included in this range I will appreciate receiving the copies so that they can be posted to the web site.

As part of this effort an index of back issues was created. This index contains information on all articles published in *Extension of Remarks* between 1991 and 2005. I have arranged the index by author and by title. The volume and issue number of the contribution follow each of the index terms. Thanks to Chelsie Ikeler for assistance with the indexing process.

 **Author Index**
