Course Description

State Government examines politics in the American states focusing on foundations, institutions, processes and policy. We look at the demographic and economic environment of the states as well as state constitutions and the role of states in the federal system. We examine participation in state and local politics, the role of political parties and the conduct of state and local elections. We explore state institutions including the legislature, executive branch, bureaucracy, and courts. We also investigate the structure, function, governance and challenges facing local government in the US. Finally we analyze and evaluate state and local policy including criminal justice, land use, economic development, transportation, growth management, environment, civil rights, education, health, welfare and taxation.

Goals

1. Knowledge: Students will understand and apply information about the political foundations, institutions, and processes of state government.

2. Comparative Approach: Students will engage in the comparative analytical approach: examining political institutions and behaviors across states in order to identify and explain similarities and differences.

3. Public Policy: Students will evaluate the role of state government in managing conflict over what values should be implemented as public policy in a variety of areas.

4. Florida: Students will focus on Florida to see how and why politics and policy operate as they do in our own state contrasted to others.
5. Diversity: Students will explore how diversity impacts state politics and policy focusing on contemporary minority American culture as defined by race, ethnicity, gender, social and economic class, age, sexual orientation, gender identity, and physical ability.

6. Current Issues: Students will find, summarize, analyze, and express thoughtful opinions about current state and local politics and policy.

Evaluation

8 Modules – 100% of your total grade. Each module consists of 2 graded activities: Chapter Quiz and Compare, Contrast, Update & Discuss. Each module will usually cover 2 chapters from the Dye and MacManus text (the last module has 3 chapters) and 6-7 articles from the SLG reader.

Chapter Quiz – 40% of total grade. Each quiz will usually have 50 questions covering material from Dye and MacManus and from the SLG articles. You will normally have 90 minutes to take the quiz. You may take the quiz a second time to improve your score. The questions are drawn from a larger quiz bank I have constructed so while a few questions may be the same on a 2nd attempt, most will be different. You should read the chapters and articles and study before starting the quiz as you will not have time to look up every answer. All 8 quizzes count towards your final grade and except for extraordinary circumstances, no late quizzes will be allowed once the quiz closes.

Compare, Contrast, Update & Discuss – 60% of total grade. Compare, Contrast, Update & Discuss will include several steps. First you will compare and contrast state or local governments by looking up information online and writing a 900-1200 word essay. Next you will update information from the readings by looking up and writing a 350-500 word current event. You will then put your compare and contrast and your current event into one MS Word document and copy paste it into the appropriate discussion as a single post.
Finally you must engage in discussion with your fellow classmates by responding to their compare, contrast and update postings. The discussion will require a minimum of three postings each week: the initial posting of your paper and then at least two postings responding to your fellow students. You should engage in professional college level discussion with your classmates. Highest grades go to students who exceed my expectations for quantity and quality of their papers and their discussion with classmates. Two additional postings is the minimum to get a C discussing with others. You will need 8 or more (depending on quality and length) additional postings to get the highest possible score on discussing with class mates.

To grade discussion I have developed a simple rubric (scoring guideline). Each compare, contrast, update and discuss is worth up to 100 points: 50 points are possible for comparing and contrasting, 30 points for the current event, and 20 points for discussing things with your classmates. In addition there will be a 10 point penalty for each day the initial posting is late. So 10 points off for one day late and 20 points off for two days late etc. until the module closes. Once the module closes you will not be able to post further and I will not accept your postings.

Policies

1. UCF and I are committed to providing access and inclusion to all students. Students with a disability who register with UCF Student Accessibility Services (SAS) ([http://sas.sdes.ucf.edu/](http://sas.sdes.ucf.edu/)) will be given accommodation as determined by UCF SAS.

2. I follow and enforce the UCF policies pertaining to academic honesty and integrity and expect professional student conduct. See the UCF policies established in the Golden Rule ([http://goldenrule.sdes.ucf.edu/](http://goldenrule.sdes.ucf.edu/)) if you are unfamiliar (particularly the section on Student Academic Behavior Standards).

3. Online courses require students to be self-motivated and do work on a regular basis without being reminded of assignments and due dates. The average student can expect to put in 12-15 hours a module on this course if they want to do well. You will be reading 2 chapters from the main text and 6-7 articles from the reader each module. You can also expect that you will write 2000 words or more each module (counting initial postings and discussions with others) if you want to do well.

4. Late assignments will not be accepted once a quiz, discussion or module closes (as mentioned above I will allow you to post your compare, contrast, and update paper late with a 10 point per day penalty but once the module closes that will be it). Do not wait until the last minute to do assignments. Computer problems and Internet connection problems will happen. They are not acceptable excuses for missing due dates and deadlines. Due times for graded assignments are usually 11 pm Eastern Standard Time. I give a 59 minute grace period until 11:59 pm before I start assessing the late penalty.
5. I will drop your two lowest Compare, Contrast, Update & Discuss scores when I compute your final grade. Since I am not accepting late assignments after a module closes this will provide you a measure of protection should something happen that prevents you from writing a paper (computer glitch, illness, vacation etc.) or should you do poorly on one paper and want to improve your grade. I will not drop any quiz scores, so you must do all 8 quizzes.

6. If you have questions about the course of a general nature do not e-mail me initially. Instead post your question in the Discussions section of the web site. Once in Discussions select the topic “Questions for Professor Jewett” and then click in the “Reply” box and type in your question and then hit “Post Reply.” I have linked my email to this discussion forum so it will forward to me almost immediately, but by posting the question here (and my answer) we will allow other students to gain more information (if you have a question, chances are another student also has the same question). You should review this section before asking your question as someone else may have already asked it. Of course if your problem is personal (grade related for instance) or involves not being able to get on the site (and hence unable to get to Discussions) feel free to e-mail me at my normal e-mail address.

7. If you would like to seek the help of fellow students go to Discussions and select the topic “Students Seeking Help from Students” and post your question as above. This can be a technical question about computer problems or a subject matter question. I will give extra credit to students who help others!

**Grading Scale**

This class is on a 10 point grading scale with no plus minus grades.

100-90 A (Outstanding or excellent work)

89-80 B (Solid, above average work)

79-70 C (Good, average work)

69-60 D (Below average or incomplete work)

59-0 F (Poor work or missed assignment)

**Assignment Due Dates**

**Pretest due by Friday 8/25 at 5:00 pm EST.**

Faculty members are required to document students’ academic activity at the beginning of each course. In order to document that you began this course, please complete the following academic activity by the end of the first week of classes, or as soon as
possible after adding the course, but no later than Friday August 25th 5:00 pm EST. Failure to do so will result in a delay in the disbursement of your financial aid.

Go to Quizzes and click on “Pretest” and then “Take the Quiz.” You have 1 hour to take the pretest. Please do not study beforehand or look up answers when taking the pretest – if you do not know the answer then just make your best guess. I want to get an honest assessment of how much you know about the course material before we get started (so please do not just take 5 minutes for the whole quiz and randomly hit answers either – actually read the questions and see if you know the answer). Once you answer all the questions hit “Submit Quiz.” The pretest quiz does not count towards your final grade.
